Overview Of Circuit Activities

The Henry Latimer Center for Professionalism of The Florida Bar coordinates with Florida's voluntary bar associations and Inns of Court to compile an overview of programs containing a professionalism component taking place over the previous year.

This is the second year of the Overview of Professionalism Activities and we are pleased with both the number of programs given and the participation of our members.

From July 1, 2004 through June 30, 2005 Florida's voluntary bar associations and Inns of Court presented **over 470** programs with a professionalism component and **over 30,000** members of The Florida Bar in attendance.
