

The Florida Bar

and its Constitutional Judiciary Committee present

Benchmarks: Raising the Bar on Civics Education

Polls show many Floridians lack basic knowledge of their government. When citizens aren't educated, democracy itself suffers.

That's where The Florida Bar's Benchmarks program comes in. Through Benchmarks, attorneys can present programs to civic and community groups. These programs engage the audience and teach about:

- The U.S. and Florida constitutions
- The Bill of Rights, constitutionality and judicial review
- The role of the judicial branch
- Threats to a fair and impartial judiciary
- Voting rights
- Amending the Florida Constitution
- Choosing judges

To learn more and to get your civic group booked for a Benchmarks presentation, please contact attorney:
